RE: Curb painting in City of Loma Linda

Dear Sir or Madam:

This office serves as City Attorneys for the City of Loma Linda.

The City has been receiving complaints from residents regarding your business practices. Specifically, residents have complained that your employees have painted house numbers on the curbs without the residents' knowledge, consent or request, and that your employees have then aggressively attempted to collect from the residents so-called "voluntary" painting fees through misrepresentation and intimidation.

Please be advised that the City streets and curbs lie within public right of way. You are not authorized by the City of Loma Linda to paint house numbers or anything else on public curbs and streets within the City of Loma Linda. You are therefore hereby directed to immediately cease and desist any further such painting activities. You are further ordered to immediately cease and desist from seeking collection for any such unauthorized painting heretofore performed.

Please be advised that any further unauthorized work in the City right of ways may subject you to liability for damages and penalties pursuant to California law and the Loma Linda Municipal Code.

Very truly yours,

ROBBINS & HOLDAWAY

RICHARD E. HOLDAWAY, City Attorney  
CITY OF LOMA LINDA
