NOTE: Payment of filing fees is not deemed as acceptance of an application. The Applicant will be notified in writing, within 30 days, by Staff on the project status. If this application is incomplete in any detail or in part, the applicant will be required to submit additional information, which may delay the project. An application is not officially filed for any time limits established by the Subdivision Map Act, the California Environmental Quality Act, or City Ordinances until such time as all necessary information, plans and maps have been submitted, and all fees have been paid. The Applicant will be notified when an application is complete.

If the Applicant is not the owner of record, a notarized letter authorizing the Applicant to represent the property owner(s) must be submitted. The property owner(s) must sign his/her name as it appears on the preliminary title report to the land. All property owners of record must sign the letter and the application. See Exhibit C.

FINDINGS FORM FOR VARIANCE REQUEST

§17.30.60 Variance-Conditions for Granting-Planning Commission Action

Provide the following information. This information is in addition to those items already listed. Answers must be complete. Attach additional sheets if necessary. In order to approve a Variance application, the Planning Commission must make certain findings required by law. On a separate sheet, or on the lined space below, indicate how the following findings can be met.

1. That there are exceptional circumstances applicable to the property involved, or the intended use, which do not generally apply to other property in the same zoning district.

2. That such variance is necessary for the preservation and enjoyment of the substantial property right possessed by other property in the same vicinity and zone and denied to the property in question.

3. That the granting of such Variance will not be detrimental to the public welfare or injurious to property or improvements in such vicinity and zone in which property is located.

4. That the granting of such Variance will be consistent with the General Plan for the city.

FINDINGS FORM FOR CONDITIONAL USE PERMIT

§17.30.210 Conditional Use Permit-Required Findings

Provide the following information. This information is in addition to those items already listed. Answers must be complete. Attach additional sheets if necessary. In order to approve project application, the Planning Commission must make certain findings required by law. On a separate sheet, or on the lined space below, indicate how the following findings can be met.

1. That the use applied for at the location set forth in the application is properly one for which a conditional use permit is authorized by this title.

2. That the said use is necessary or desirable for the development of the community, is in harmony with the various elements or objectives of the general plan, and is not detrimental to existing uses or to uses specifically permitted in the zone in which the proposed use is to be located.

3. That the site for the intended use is adequate in size and shape to accommodate said use and all of the yards, setbacks, walls, or fences, landscaping and other features required in order to adjust said use to those existing or permitted future uses on land in the neighborhood.

4. That the site for the proposed use related to streets and highways property designed and improved to carry the type and quantity of traffic generated or to be generated by the proposed use.

5. That the conditions set forth in the permit and shown on the approved site plan are deemed necessary to protect the public health, safety and general welfare. Such conditions may include:

FINDINGS FORM FOR PRECISE PLAN OF DESIGN

§17.30.300 Precise Plan of Design–Required Findings

Provide the following information. This information is in addition to those items already listed. Answers must be complete. Attach additional sheets if necessary. In order to approve project application, the Planning Commission must make certain findings required by law. On a separate sheet, or on the lined space below, indicate how the following findings can be met.

1. The use is allowed within the subject zone.

2. The project is in compliance with and demonstrates the following applicable criteria:

- a. Efficient site layout and design;
- b. Compatibility with neighboring properties and developments;
- c. Efficiency and safety of public access and parking;
- d. The arrangement and relationship of proposed structures and signs to one another and to other developments in the vicinity and whether the relationship is harmonious and based on good standards of design;
- e. The compatibility in scale and aesthetic treatment of proposed structures with public areas;
- f. The adequacy of proposed driveways, landscaping, parking spaces, potential on-site and off-site parking and traffic impacts and other potential impacts upon the environment;
- g. Appropriate open space and use of water efficient landscaping;
- h. Consistency with the General Plan and any applicable specific plan;
- i. Consistency with any adopted Design Guidelines, policies, and standards.

If the project does NOT comply with the above criteria, please explain below:

3. The project is in keeping with the character of the neighborhood, in terms of the structure(s) general appearance.

4. The project will not be detrimental to the harmonious and orderly growth of the City.

DEVELOPMENT UNIFORM APPLICATION CHECK LIST

FORMS

- UNIFORM APPLICATION (SECTIONS 1-5): Must be completed and signed by applicant and/or property owner(s), or authorized representative.
- FINDINGS FORM FOR VARIANCE, CUP, OR PPD: If applicable, a completed set of findings must be attached to the application.

REQUIRED PLANS

- FULL SETS OF PLANS (SITE PLAN, FLOOR PLAN, ELEVATIONS, PRELIMINARY LANDSCAPE): For initial review, provide 6 full-sized copies of the project plans (approx. 24" x 36", to scale) and 2 poster-sized copies of the project plans (11"x17") to be distributed to the Administrative Review Committee for review and comment. Plans shall include all information required by the Site Plan Checklist. On a case by case basis, Planning might require more copies.
- COLORED PLANS: Prior to public hearing, color renderings (minimum 2 sides of structure) and color elevations of each side are required. Materials, lighting, and/or landscaping must be clearly depicted. Submit a digital copy and a hard copy of both plans. Hard copies must be a min. of 11"x17".
- OTHER PLANS: If applicable, provide a minimum of 6 sets of conceptual grading plan, roof plan, sign plans, parcel or tentative tract map, cross sections, fence plan, patio plan, etc. See further below for details.
- PDF VERSION OF ALL PLANS: Submit a PDF or JPEG version of the above mentioned plans in electronic format to be used for the presentation at the City Council and/or Planning Commission meetings. Copies can be provided on compact disc, flash drive, a downloadable link or via email prior or during application submittal.
- BUILDING MATERIAL BOARD: Display board is required. It shall show true colors, wall materials, roofing, etc. The board will be displayed at the City Council and/or Planning Commission hearing.
- FOR MAJOR PROJECTS AND/OR PARCEL AND TENTATIVE TRACT MAPS*
The following plans and requirements may also be required, along with project plans:
 1. **Roof Plan, Trash Enclosure Plan, Photometric/Lighting Plans and/or Exhibits** shall be submitted.
 2. **Preliminary Grading/Drainage Plan.** Plans must be drawn at one, or two foot contour intervals. For a Tentative Map, the map shall include lot pad location, elevation, and driveways connecting pads to the roadway system. (See Tentative Map Checklist).
 3. **Preliminary Landscape and Irrigation Plan.** Plans must show quantity, size, location and species of all proposed plants and indicate method of irrigation with a permanent automatic system. To encourage the use of licensed Landscape Architects for the preparation of Landscape Plans, the City allows the project Landscape Architect to inspect and certify planted material in lieu of a plan check fee. Irrigation Plans shall be checked as part of the building plan and must be included in the building working drawings. The City has adopted standard specifications for irrigation system. For smaller project, site plan and landscape plan may be combined.
- SIGN PLAN: If applicable, Sign Plans must include a plot plan showing the proposed location of all freestanding signs, and the location and size of proposed signage on building elevations. For each proposed sign, indicate size, elevation above final grade, color(s), type, material(s) and method of illumination. The sign plan shall also include the location, size and elevations (including colors and materials) of all signs and structures existing on the premises at the time of the proposed project. If the site is undeveloped or to be cleared, a written statement indicating this will suffice. Exceptions to the Code may be requested as part of the plan approval. The sign plan shall be in compliance with the Loma Linda Municipal Code. Sign criteria for your zone may be obtained through the Community Development Dept.

OTHER REQUIRED ITEMS

- MAILING LABELS OF SURROUNDING PROPERTY OWNERS: 300 Foot Radius Map and Property Owners Certification. Type the Assessor Parcel Number, name(s), and address of each property owner within 300 feet from the exterior limits of the parcel on **two sets** of gummed labels, **and one printed or digital copy**, which are 1' x 2 3/4" in size. Assessor's Parcel Number(s) can be obtained at the County Assessor's Office, Hall of Records, 172 W. 3rd Street, San Bernardino, for a fee. All involved parties (applicant, architect, property owner) must be included on labels. Labels must be issued by a certified company or applicant must complete the Certified Property Owner's Affidavit. See Exhibit A and B. Copies of the Affidavit are available at the Community Development Dept.

- PRELIMINARY TITLE REPORT: A legal description of the site must be attached in the form of a Preliminary Title Report, dated within 90 days of the submittal. For Annexation, Conditional Use Permit, Parcel Map, Precise Plan of Design, Tentative Tract, Variance, Small Project, Single Family, and Zone Change.

- AGENT AUTHORIZATION FORM: If applicable, attached the authorization form. Exhibit C.

- RECORDED DEED RESTRICTIONS OR CC&R'S: If applicable, attach a copy of recorded deed restrictions or CC&R's, which apply to the property involved.

SITE PLAN CHECKLIST

The following items shall be shown and labeled on the submitted site plan. Distinguish between existing (dashed lines) and proposed (solid lines) and show sufficient dimensions to define all items. Plans must be drawn to scale unless noted otherwise by the Community Development Department.

1. Property lines and dimensions.
2. North arrow, scale and date.
3. Location or vicinity map.
4. Existing and proposed building and structure footprints, including loading zones.
5. Dimension and nature of all easements.
6. Frontage streets: name, centerline, curb line, right-of-way, street widths, improvements and utility poles. Proposed grades of streets, if applicable.
7. Location of water/sewer lines.
8. Location of fire hydrants.
9. Setback and yard distances and spaces between buildings and/or spaces between property lines and buildings.
10. Detailed plan of landscaping showing the location, dimensions of landscaped areas.
11. Driveways: show (A) all points of ingress and egress; (B) direction of ingress and egress; and (C) conflict points such as other driveways, streets or alleyways within 300 feet of proposed driveways on site and on adjacent properties (this can be on a separate plan).
12. Parking layout showing sizes and location of each stall, back up area and driving aisles (indicate required parking).
13. Handicapped ramps, parking, signs and pavement markings.
14. Concrete header separating all paved vehicular areas from landscaping.
15. Sidewalks and interior walks including ramps and curb ramps.
16. Location, height and composition of walls and fences.
17. Location of refuse enclosures and containers.
18. Location and method of lighting.
19. Printed name, address, registration number and phone number of engineer/architect.
20. Title block listing related case numbers.
21. Existing contours (2 foot intervals) for project site and adjacent topography within fifteen feet of the perimeter of the project site. Please note the effect that the proposed grading will have on adjacent properties.
22. Proposed final grades shall be clearly shown and designated on plans along with cut and fill slopes. Slopes shall be clearly designated on plans and shall not exceed a 2:1 ratio unless approved.
23. Show details of any on-site walls and cribbing.
24. Assessor's Parcel Number(s), legal description and project address.
25. Existing and proposed zoning and General Plan designation.
26. Square footage or gross and net acreage of property.
27. Square footage of existing and proposed, and any proposed demolitions to buildings.
28. Percent of lot coverage.
29. Square footage of landscaping: existing and proposed, and percent of landscaping.
30. Building occupancy code.
31. Square footage of seating area and/or number of seats provided (if applicable).
32. Construction type.

TENTATIVE MAP CONTENT AND CHECKLIST

The following information shall be delineated on the tentative map except those items as determined by the Community Development Director as not being pertinent to a particular division of land:

1. The tract or parcel map number as obtained from the County Surveyor' s Office;
2. Sufficient legal description of the land included on the map to define the boundaries of the tentative map;
3. The name, address, and telephone number of the record property owners together with his/her affidavits consenting to the filing of the tentative map;
4. The name, address, and telephone number of the subdivider together with his affidavits providing his/her approval of the tentative map as submitted;
5. The name, address, and telephone number of the registered engineer or licensed land surveyor preparing the map;
6. The name, address and telephone number of the geologist or soils engineer whose services were obtained in the preparation of the design of the tentative map;
7. A geologic soils report prepared by a civil engineer who is registered by the state, based upon adequate test borings or excavations, unless the Building Division, shall determine that, due to the knowledge such division has as to the soil qualities of the soil of such subdivision or lot, no preliminary analysis is necessary. If the preliminary soils report indicates the presence of critically expansive soils or other soil problems which, if not corrected would lead to structural defects, the person filing the tentative map shall submit a soils investigation of each lot in the subdivision, prepared by a civil engineer who is registered in this state, which shall recommend corrective action which is likely to prevent structural damage to each dwelling proposed to be constructed on the expansive soil. The Building Division shall approve the soils investigation if it determines that the recommended action is likely to prevent structural damage to each dwelling to be constructed and shall require that the approve recommended action be incorporated in the construction of each dwelling as a condition to the building permit;
8. If the Building Division finds that a written geological report is necessary to determine whether the property to be divided is subject to an existing or potential geological hazard, the applicant filing the tentative map shall submit such report to the Community Development Department. The report shall be prepared by a registered engineering geologist;
9. North point, scale, date, and boundary line of the division of land;
10. Locations, names or other designations, widths, approximate centerline, curve radii, and approximate grades of all highways, streets, alleys, and pedestrian trails in the proposed land division and also those that are existing and adjoining the proposed land division;
11. The width and approximate locations of all existing or proposed railroads, flood control channels, public utilities, reservations, or other easements or rights-of-way;
12. The names, addresses, and phone numbers of the existing and proposed public utility companies that will serve the tract;
13. The lot or parcel layout, the approximate dimension of each lot or parcel, and a number or letter for each lot or parcel;
14. The approximate location of all areas subject to flood waters, overflow, or inundation, and the location, width, and direction of flow of all watercourses;
15. The accurate contour of the land in intervals of not more than two feet if the general slope of the land is less than ten percent or of not more than five feet if the general slope of land is more the ten percent. All elevations shall be based on U.S.G.S. data, or other data acceptable to the city engineer. Copies of U.S.G.S. maps are not acceptable;
16. The location and outline, to scale, of each building, utility pole, or other structure above ground, noting thereon whether same is to be removed from or is to remain in the development of the division of land. If the structure is to remain and within fifteen feet of a lot or parcel line, such distance is to be shown on the map;

17. The location of existing wells, water lines, cesspools, sewers, culverts, drain pipes, underground structures, or sand, gravel, or other excavations within the land division and within two hundred feet of any portion of the subdivision noting thereon whether or not they are to be abandoned, removed, or used;
18. A general location map of the area to be divided, showing its relation to adjacent subdivisions, existing main thoroughfares, and other pertinent information;
19. Approximate acreage and the total number of numbered lots or parcels and total number of lettered lots or parcels contained within the division of land;
20. Existing use of the property and of the adjoining property immediately surrounding the land division;
21. The name and tract number of adjoining subdivisions;
22. Existing zoning;
23. Type of development proposed on the division of land; if the property is proposed to be used for more than one purpose, the area, lot or lots proposed for each type of use;
24. Type of improvements including but not limited to streets, drainage, water, sewer, grading, utilities, pedestrian trails, street lights and tree planting which are proposed to be installed and of the time at which such improvements are proposed to be completed;
25. If the water is not to be supplied by the City the source, name of supplier, quality and an estimate of available quantity of water and, if to be served by an established mutual water company or an established public utility, a letter shall be furnished to indicate that satisfactory arrangements have been made or can be made for water supply;
26. Proposed Method of Sewage Disposal. Additionally, the Community Development Director may in the interests of the public health, safety and welfare require as to a particular division of land that the subdivider cause a percolation test to be made of all or any portion of the property delineated on the tentative map and to submit a report of the results of such tests to the city prior to the city accepting such tentative map for filing if the proposed method of sewage disposal for such property is by a private leaching system;
27. The drainage area tributary to the division of land, and a statement setting forth in detail the manner in which storm runoff will enter the division of land, the manner in which it will be carried through the division of land, and the manner in which disposal beyond the division of land boundaries will be accomplished;
28. Proposed protective covenants, if any, to be recorded;
29. Location and dimensions of all streets and other lands whether for public or private purposes, to be dedicated or offered for dedication;
30. If private streets are proposed, the method by which their maintenance will be accomplished and financed;
31. Location of lands intended to be dedicated for park or trail purposes and/or statement as to whether fees are proposed to be paid in lieu therefore;
32. Proposed generalized grading to show proposed lot grades and proposed cut and fill slopes;
33. Location of all trees within the division of land having a diameter of four inches and larger; and,
34. Such other information as the Planning Commission determines is necessary to properly consider the proposed land division.
